

Your First Steps Count Navigator is Jo

Jo will be available to walk alongside your family, to get the support you need early and connect you through warm referrals with services operating inside and outside of the centre.

What does 'warm referral' mean?

Our Navigator, Jo, won't just hand you a phone number.

Jo can make the phone call with you or come to that first appointment. Warm referral means you are supported in whatever way your family needs at the time.

How can you find Jo?

How can the Navigator support your family?

- Help find support services for you and your family
- Music, art and parenting groups
- Introduce you to playgroup
- Have a yarn and a cuppa

First Steps Count Child
& Community Centre
